Peter Franus Winemaker Dinner

DATE: Wednesday June 1 at 6:30 pm

VENUE: Verses Restaurant 182 Victoria St., North Kitchener

Join top Napa Valley Winemaker Peter Franus for an exciting evening of great wine and fantastic food at Verses Restaurant. Peter will guide you through the nuances and mysteries of this world class wine growing region. Verses chef Brett Shantz and his team will be crafting their flawless Four Diamond award winning food with the Franus wines.

Winemaker Peter Franus has had the privilege of working with some of the finest vineyards and growers in Napa Valley. His goal is to preserve and express the unique character that each of them has to offer. Philosophically and stylistically, he relies on intuition and a minimalist approach to winemaking. He believes that the more you manipulate and hover over a wine, the greater the likelihood you will diminish its personality and risk creating a wine that resembles the multitude already out there. The aim is to make wines that offer richness, harmony, and complexity, and ultimately ones that can elicit the comment, "delicious!"
