in support of DIPG research at SickKids .

Seminars

Colombo Unchained – Game of Rhone's

Taste the wines of revolutionary oenologist Jean-Luc Colombo and gain the inside track on Cornas, the smallest Appellation in the Rhone Valley. Discover the haunting flavours of Syrah grown on pure granite, Viognier grown in Condrieu and why St Peray could be on the brink of the big time. A moderated conversation will touch on vineyard management, vineyard sites and winemaking practices that have culminated in the Northern Rhone being at the vanguard of the French wine scene.

Seminar Room - 3:00 pm to 3:45 pm. Please contact your Sales Representative to register.

Shades of Sangiovese – Diverse Expressions of this Terroir Sensitive Grape

A seminar on Sangiovese, hosted by Sergio Zingarelli (Rocca Delle Macie), Giovanni Mazzei (Mazzei), Alessandro Francois (Castello di Querceto) and Francesco Zaganelli (Lungarotti). An interactive in-depth conversation touching on factors of innovation, clones, vintage differences, vineyard practices and regional distinctions.

Seminar Room - 6:30 pm to 7:15 pm. Please confirm your attendance when you register online.

Seating is limited. Registration is on a first come first served basis.
